Client Testimonials

Toni Phillips of Amarillo, completed a kitchen and bathroom remodel said,

“My expectations were surpassed by Keyner Construction's remodel of our kitchen and bath. They blended the old with the new without taking away from the charm of this old house. Our old farm house is still old but with a look of this century. Hans Keyner and his crew of craftsmen have turned my dream into a reality. When we have future remodeling; we would like to do, who will we call...Keyner Construction”.

Jim and Pat Day of Amarillo, completed a bathroom remodel and kitchen update said,

“Jim and I called Keyner Construction and several other companies to come give us a bid on making our master bathroom handicapped-accessible. When Mr. Keyner came to our home, he was very organized and open in the way he presented his bid. We are extremely pleased with our choice. He followed the contract by the letter, and finished the work on time and also, cleaned up after each phase of the work. Again, we would recommend Keyner Construction for any work.”

Jeff and Chris Reinbold of Amarillo, completed a large addition said,

“My wife and I spent years wondering if we should have our house remodeled. It was going to be an extensive project, and if we were going to go through with it, we wanted it to be done right. Now that it is done, I couldn't be happier with our decision. The quality of work Keyner Construction performed was excellent. Hans' attention to detail is why I chose him to perform our remodel, and it is the reason why I would choose him again.”

Eddie and Sherri Schaap of Clovis New Mexico, completed a home update project said,

“Just wanted to say we were very pleased with the job you did for us on Kaylas house. You were dependable, honest, fair, and you met every deadline! The work done on our daughters house was top quality. Your professionalism was superb. You were a pleasure to work with and we would be happy to recommend your services to future customers”.

Arna Reynolds of Amarillo completed a new home construction project said,

Hans – the things I found most pleasant about the construction of my home was the flexibility of the team to meet with me when and where was convenient for me. Robert spent a great deal of time studying my likes and dislikes and offered a very personalized approach to designing my home. Every member of your team was very professional in all aspects of the construction of the home, right down to making sure the house and lot were kept very clean and orderly which was quite a challenge at times! I always felt that my concerns were listened to and taken very seriously by everyone. The dedication shown by Robert to put together design boards and recommendations made it a pleasant experience plus the fact that he was willing to do all the legwork for me was a great help.

Cathi Mairson of Amarillo, completed interior and exterior updating said,

Good Morning Hans, Just a few thoughts... I have been extremely satisfied with the quality of work Keyner construction has completed for me.

Workmanship is outstanding, Trustworthy staff, Job is completed on time and within budget, They are always willing to work around my schedule.

This is one of the only companies that actually follow-up with the client and asks if the job is completed to the clients satisfaction prior to asking for payment. I have and will continue to refer business to Keyner Construction because I know that my reputation will not be jeopardized and that my clients have been extremely happy with the work provided by Keyner Construction.

Marla McGill of Amarillo, completed an interior remodel of her home said,

“ I wanted to convey my gratitude to you and your company for doing such a fine job on my remodeling project. This may sound odd, but I am finding that I am 100% satisfied with the job that your people did. I never, in a million years, thought I would be saying this, especially in today’s atmosphere of mediocre attention to work. I think it is very rare to find a company to be so attentive to detail, quality of work and the needs of the client, all at the same time. In the beginning, your consideration for the well-being of my pets was one indicator to me that you would be a company that would attend to even the smallest of concerns. I was correct! Throughout the three months of the project you and your designer were consistent in communicating and working with me as we planned and tweaked things in order to create a beautiful, homey environment. When I look around, I think the quality of the workmanship is outstanding. I’m so proud to be able to bring my friends into such a lovely and comfortable surrounding”.

Thank you again for having the willingness and the integrity to be a trustworthy company on which I can depend!

With Great Thanks,

Marla A McGill
